

camera::Camera

```
classDiagram
    class camera_PinHoleCamera["camera::PinHoleCamera"]
    class camera_Camera["camera::Camera"]
    camera_PinHoleCamera --|> camera_Camera
```

The diagram illustrates a class hierarchy. At the bottom is a white box labeled 'camera::PinHoleCamera'. A blue arrow points upwards from this box to a gray box at the top labeled 'camera::Camera'. This indicates that 'camera::PinHoleCamera' inherits from 'camera::Camera'.
